SAFETY DATA SHEET

SECTION 1 IDENTIFICATION OF CHEMICAL MIXTURE AND MANUFACTURER

1.1 Chemical name: SQ2 SKIN CARE

1.2 Other means of identification: ANTISEPTIC SKIN PROTECTION FOAM

1.2 Recommended use of the chemical mixture and restrictions on use:

Recommended use: Antiseptic foam that protects the skin from oils, fats, solvents, paints, alkalis, acids, drilling fluids. Not toxic, flammable or destructive to the ozone layer. It protects the skin from burns due to contact with 37% hydrochloric acid and 50% sodium hydroxide; it also forms a biomechanical layer that adheres to the skin and prevents the chemical substances absorption through the skin.

Restrictions on use: ND

1.4 Manufacturer information: INNOVACIONES TECNOLOGICAS CONCAR S.A DE C.V
Palenque 591, Col. Letrán Valle, Benito Juárez, C.P. 03650, Ciudad de Mexico

1.5 Telephone in case of emergency: 55 44 44 33 57

SECTION 2. HAZARDS IDENTIFICATION

2.1 Classification of the chemical mixture:

Warning word: Attention

Indication of danger: Harmful if swallowed

2.2 Signaling element:

Oral: Harmful if swallowed. Get medical attention immediately.

Eyes: May cause irritation.

Inhalation: Not reported.

2.3 IDENTIFICATION CODES:

Identification code H:

CODE

HAZARD INDICATION

H302

Harmful if swallowed (category 4)

H320

May cause eye irritation

Identification code P:

P101

If you go to a doctor, take the product label with you

P102

Keep out of reach of children

P103

Read the label before use

P202	Be sure to read all safety precautions before handling the product.
P234	Keep only in the original container of the product.
P301+P310	If swallowed, get medical attention immediately
P305+P351+P338	In case of eye contact, rinse with plenty of water
P501	Dispose of contents/container in accordance with local, state and federal regulations.

SECTION 3. INFORMATION REGARDING THE COMPONENTS

3.1 Chemicals:

COMPONENTS:	No. CAS	No. CE	R-SYMBOL
Alkyl Dimethyl Ammonium Hydrochloride	68391-01-5	269-919-4	$C_8H_{15}CH_2N(CH_3)_2RCl$
Hydroxyethyl cellulose	9004-62-0	-----	$[(C_6H_7O_2)(C_2H_4O)xH]_n$
PVP K-30	9003-39-8	201-800-4	$(C_6H_7NO)_n$
Propylene Glycol	57-55-6	200-338-0	$C_3H_8O_2$
Ethoxylated Lanolin	61790-81-6	-----	-----
Citric acid	77-92-9	201-069-1	$C_6H_8O_7$
Purified water	7732-18-5	231-791-2	H_2O

Active ingredient: Alkyl Dimethyl Ammonium Hydrochloride

SECTION 4. FIRST AID

4.1 Description of first aid:

Swallowing	Do not induce vomiting, provide medical attention immediately.
Eyes	Wash with plenty of water for at least 15 min. Provide medical attention.

4.2 Most important symptoms and effects:

Acute: No data.

Chronic: No data.

SECTION 5. FIRE FIGHTING MEASURES

5.1 Suitable fire suppression media: No special precautions are required.

5.2 Specific hazards of chemical mixture: None

5.3 Special measures to be followed by fire-fighting groups. As with any fire, it should be fought from as far away as possible and firefighters should wear fire coats, rubber boots, goggles, safety helmets and breathing apparatus.

SECTION 6. MEASURES TO BE TAKEN IN CASE OF ACCIDENTAL SPILLAGE OR LEAKAGE

6.1 Personal precautions, protective equipment and emergency procedure:

No special protection is required. There are no hazards associated with temperature.

6.2 Environmental precautions: Recover the usable material with a suitable means and dispose of it according to the legal provisions.

6.3 Methods and materials for the containment and clean-up of spills and leaks:

Spilled product should be collected using inert absorbent material and then the affected area should be thoroughly washed. Waste absorbent material should be placed in suitable and identified containers.

SECTION 7. HANDLING AND STORAGE

7.1 Precautions to be taken to ensure safe handling:

General Precautions	Avoid eye contact and ingestion. Store product tightly covered and in a cool place. Handle in accordance with good industrial hygiene and safety practices. Before using the product, read the instructions carefully. Keep out of reach of children.
Storage conditions	Store well covered, at room temperature. Keep upright to avoid spillage and do not store in unlabeled containers.
Incompatible products	Not reported.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure limit	It presents no health risks when used according to the directions printed on the label.
In case of allergic skin reaction or in case of eye contact and inhalation please see section 4.	
Ventilation:	No special ventilation is required during use.
Eye protection:	There are no special requirements under normal conditions of use.
Skin protection	No special precautions are required.
Respiratory protection:	No special precautions are required.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

1. Color: No color
2. Physical state: Crystalline liquid
3. Odor: odorless
4. pH: 6.8
5. Solubility: Totally soluble in water
6. Density: 25°C = 1g/ml
7. Volatile percentage: ND

SECTION 10. STABILITY AND REACTIVITY

1. Stability: Stable product under normal conditions of storage and use
--

2. Possibility of dangerous reactions: NA
3. Conditions to be avoided: NA
4. Incompatible materials: NA
5. Hazardous decomposition products: NA

SECTION 11. TOXICOLOGICAL INFORMATION

As the mixture does not belong to any chemical family no specific data are available, only the most relevant information is presented:

11.1 Probable Routes of Entry: Ingestion and Eyes

11.2 Symptoms related to physical, chemical and toxicological characteristics

Eye contact: irritant. Wash thoroughly with water and call a doctor

Ingestion: Do not induce vomiting and get medical attention immediately.

11.3 Immediate and delayed effects as well as chronic effects from short or long term exposure

- **Carcinogenic:** No data

- **Mutagenic:** No data

- **Teratogenic:** No data

SECTION 12. ECOTOXICOLOGICAL INFORMATION

12.1 Toxicity: N/D

12.2 Persistence and degradability: Degradable

12.3 Bioaccumulation Potential: N/D

12.4 Mobility on the ground: N/D.

12.5 Other adverse effects: No known critical effects or hazards.

SECTION 13. PRODUCT DISPOSAL INFORMATION

Waste generation should be minimized to lower costs and facilitate material handling. Surplus product and empty containers must be disposed of in accordance with current regulations on waste management and environmental protection. The classification and final disposal of waste must be carried out by a company authorized for these purposes.

SECTION 14. TRANSPORT INFORMATION

14.1 UN Number: N/D

14.2 Official designation of transport: Protective skin foam

14.3 Environmental risks: Not a hazardous waste

14.4 Special precautions for the user: NA

SECTION 15. REGULATORY INFORMATION

Risk level:

4.- Extreme

3.- High

2.- Moderate

1.- Light

0.- No risk

1	Health
0	Flammability
0	Reactivity

SECTION 16. OTHER INFORMATION

References:

- NOM-018-STPS-2015
- GLOBAL HARMONIZED SYSTEM OF CLASSIFICATION AND LABELLING OF CHEMICALS (GHS)
- Regulations for transport

Abbreviations:

UN: United Nations number

CAS Number: Chemical Abstracts Service Number

N/A: Not Applicable

N/D: Not Available

The information contained in this Safety Data Sheet is correct, but not exhaustive and is to be used only as guidance, which is based on current knowledge of the chemical or mixture and is applicable to the appropriate safety precautions for the product.
